Equipment	Rebate	Specification/Regulations*
Solar and Wind Systems	**$1000 per kW**	• $5000 maximum • Rebate is in addition to Federal and State incentives • Subject to prior approval of metering and installation agreements
Geothermal Heat Pumps	**$350 per ton 5 ton max**	• Non-residential unit rebates are subject to Board approval • This system must be the structure's primary heating source
Indoor Lighting - Compact Fluorescent Lamps (CFLs)	**$2 per CFL max**	• Rebate is limited to 10 bulbs per year, per member • Five-bulb minimum per rebate
Air Source Heat Pumps	**$50 - $100 + per unit**	• 14.5 - 15 SEER - $200 rebate • 16 SEER - $400 rebate • This system must be the structure's primary heating source
Central Air Conditioners	**$100 - $200 per unit**	• 14.5 - 15 SEER - $100 rebate • 16 SEER and greater - $200 rebate
Electric Heat Pump Water Heaters	**$400 per unit**	• Geothermal systems with hot water option will qualify for this rebate, in addition to other applicable rebates
Replacement Refrigerator/Freezer	**$35 per appliance**	• Energy Star rated • Old appliance must be removed before rebate will be issued (see Appliance Recycling Cash Rewards [below]or provide proof of removal from appliance dealer)

CONSERVATION GRANTS — $200 per grant

Note: A maximum of $2000 per year will be awarded in this category

Members may apply for a one-time per year grant for the implementation of permanently installed energy conservation measures. This will be on a 50% cost-share basis, up to $200 per grant. Grants might include -- but are not limited to -- installation/implementation of the following:

• Clothes line • Corn, pellet or wood stove • Trees for shading (site plan required) • Insulation • Ceiling fans
Programmable thermostats • Occupancy sensor • Tractor heater timers • Insulated earth tube livestock waterers

APPLIANCE RECYCLING CASH REWARD — $50 per appliance

Old, working appliances, like spare refrigerator and freezers, can add over $100 to annual energy bills. Save energy and money -- ***and receive a cash reward*** -- by letting FEC pick up and safely dispose of old, inefficient appliances. **Qualifying refrigerators and freezers:**

- 10 cu. ft. or larger, no commercial sizes, maximum 1 each type
- Appliances must be on the account premises, clean, empty and ***in working condition*** (plugged in and running properly) at the time of pickup.

***CONDITIONS**

- *Rebates, grants and cash rewards are available to Farmers Electric Cooperative members only*
- *All units new (receipt for purchase must be dated within the past six months) and permanently installed on member premises to qualify for rebates*
- *Members are responsible for contractor scheduling and associated installation costs*
- *Members may be responsible for costs associated with upgrades to Cooperative systems due to increased capacity requirements*
- *Rebates are based on residential square footage requirements for heat loss or gain. (No unit over-sizing funded.)*
- *Warranties, liabilites and insurance shall be the responsibility of the member*
- *Rebate and grant applications are subject to Board approval*
- *Additional Cooperative incentives may apply but are not listed here*
